

Hello Sacanta children,

We are very good, and you?

The most part of the classmates live in Granollers, Barcelona, Catalonia. But our school is in Granollers, we are in Cerveto.

Granollers is a medium town and it is the capital city in Valles Orienta. In the centre of Granollers there are lots of shops and restaurants. In Granollers there isn't tourism.

We are very good friends, too. In the afternoon after school, we dance, we do taekwondo, we play handball, and we do boxing, we play football, hockey, paddle. We go swimming, we do drama, we play basketball, we do homework, we listen to music and we play with the play station.

Who is your idol? What programs do you watch on TV? What's your school name? Do you like English? What do you like playing at the playground? What is your favourite parties Halloween or Carnaval?

Goodbye Argentina friends, 5th A ☺
